

Marshall Middle School

ACADEMIC PROFILE

School and Community

A Marshall education encourages students to develop strong academic habits; an ethical framework for responsible decision-making; respect for self, for others and for property; and a

7th & 8th grade students during their performance on Drama Day

commitment to bettering the world. Marshall's Middle School lays the foundation for developing and nurturing these qualities throughout school and life. Early on, students are encouraged to be confident and independent thinkers by teachers whose energy and caring enrich the school. Small class sizes permit active participation, feedback, and engagement in a rigorous curriculum. Teachers and curriculum are flexible, setting challenging but attainable goals for each individual, and the exploration of unique interests and talents is encouraged. The Middle School community overall develops and reflects kindness, integrity, and respect.

Rotating Courses:

- Integrated Studies - 10 day segments
- Technology (Spreadsheets and Writing)
- Religious & Ethical Studies
- Grammar

Grade 8

Core

Geography	Language Arts 8	Math one of:
Literature 8	PE & Health	Pre-Algebra
Earth Science	Foreign Language	Algebra IA
Fine Arts - choose from Band, Choir, Strings or Art		Honors Algebra

Students have the option of taking 1 study hall per day to replace either a fine arts or a foreign language class.

M.O.R.E

(Marshall Outdoor Recreation and Education Program)
Currently, fifth, sixth, and seventh graders participate in outdoor experiences at different sites such as Camp Widjiwagan in Ely and the Audubon Center as part of the MORE program. These trips are opportunities for students to explore their northern ecological environment and strengthen their peer relationships. Participation in these programs is strongly encouraged as it is an important connection to the learning that goes on in the classroom.

Advisory

The Middle School advisory program aims to promote a sense of connectedness and belonging among the students and teachers. Students meet three times a month in small groups with a faculty advisor to explore topics important in the life of a young adolescent. The faculty advisor serves as a mentor, guide and advocate for the students in his/her group.

7th graders take notes during Social Studies

Interfaith Services

Students are given the opportunity to attend regularly scheduled all-faith chapels. Chapels are presided over by the school chaplain and student volunteers who celebrate through prayer, music and inspired readings. Some chapels are all-school, others are exclusive to the upper or middle school. Parents and staff are always welcome to attend and participate as fully as they would like.

5th & 6th Grade Musical

Each year the 5th and 6th grade classes perform a musical based on a children's classic or a unique theme. Students start by learning songs and audition for characters. They are involved with all aspects of the production including lights, sound, set design, and set construction. The musical is performed each spring. Past musicals include *Treasure Island*, *Macbeth*, and the bilingual English/Spanish *River of Birds*.

7th & 8th Grade Drama Day

Drama Day is held on the last day of classes in the Middle School. Each 7th and 8th grade English class presents a 40 minute play. There is a role for all students who, in addition to acting, serve on committees for costumes, make-up, lighting, stage and

set design, props, and sound. Upper School students are mentored in choosing and directing some of the plays. Past productions include *The Lottery*, *Our Town*, and *Anybody for Tea*.

Engineering Fair

Marshall 7th graders participate in an annual Engineering Fair. Students meet and listen to engineers from the community talk about their jobs and experience in the field. Students also engage their skills in design to build projects that compete in one of three categories: Bridge Building, Ping-Pong Ball Launching, and Rubber Band-Powered Vehicles.

Multicultural Festival

Every year Marshall 7th graders host a Multicultural Festival. Students spend the day displaying interactive exhibits which teach visitors about a particular culture group they studied. In preparation, students hold small group conversations with local immigrants. Parents also participate by providing an ethnic pot luck lunch. After lunch, students spend the afternoon learning international games and dances.

Middle School Health Fair

Middle School students participate in their own Health Fair, designed just for them by Marshall's 9th grade Health class. The 5th and 6th grade Fair presents displays on age appropriate health topics such as Bus Safety and Hiccups. The 7th and 8th grade Fair presents more serious topics such as Eating Disorders, Mental Illness, and Steroids. Upper School students are the teachers at this event, with the purpose of educating and engaging Middle School students in their topic.

Interim

Students enjoy a change of pace during the Middle School's Interim program. This annual event is aimed at introducing students to new experiences and gives Marshall the opportunity to partner with parents and other community members. Classes such as ethnic cooking, cake decorating, papermaking, quilting, cartooning, big game hunting, fishing, stress management, knitting, basket weaving, law enforcement and more provide students a rich offering of experiences.
